GOT CLUTTER? – Rita Emmett, author of *The Clutter-Busting Handbook*

Do you feel like you waste years of your life doing the Clutter Shuffle rummaging through piles of stuff looking for something important? Rita, a 'recovered pack rat' from Chicago, believes that clutter doesn't come from being lazy or disorganized or messy, it simply comes from four habits. Once you work on any one of these four habits, you will see your clutter start to melt away as you learn to "say good-bye to your stuff without sobbing like a baby poodle".

Registration can be submitted electronically or by mail (Fall Workshop, PO Box 201800, Helena MT 59620-1800) or by fax (406-444-0266). **Please register by September 19th.**
